To the President of the United States

SALUTATION TO THE INTELLIGENT AMERICAN PEOPLE

The President of the United States, Washington, D.C.

Sir,

I am a Greek, a fellow citizen of the great and noble American people. I am writing to express my profound gratitude and appreciation for the support and assistance extended to the Greek nation during the war.

The Greek people are deeply grateful for the moral and material support provided by the American nation. This assistance has been crucial in the war against the Turks, who have long oppressed our nation.

I am confident that the American people will continue to support the Greek cause, and that the friendship between our nations will be further strengthened.

Yours sincerely,
