Students Learn That Few Undergrads Eligible for ROTC

About 150 students attended a meeting held in Southwick Hall at 4:30 P.M. Thursday, May 17th, and heard Dean of Faculty G. Nathaniel Gregg discuss the new AF-ROTC program. This is a major step toward lowering the student load and making ROTC a more popular program. The new program will be open to all ROTC officers and will form a new branch of the Institute to be known as the Department of Air Science and Tactics. The Commanding Officer will be given the academic rank of Professor of Air Science and Tactics (PAST) and the other majors will be given rank similar to their rank in the other departments. The branch of the class consists of two ROTC classes and one non-Rotc class. The ROTC class will be given rank similar to the ROTC classes in other departments. The ROTC classes will be given rank similar to the ROTC classes in other departments.

LOWELL, June 17—Forr

in the Textile Department at LITI. The Textile Department will become an independent department at LITI, and as such, will be able to offer a wider range of courses and programs. The Textile Department will also be able to offer a wider range of scholarship and fellowship opportunities. The Textile Department will also be able to offer a wider range of job opportunities for its graduates. The Textile Department will also be able to offer a wider range of research and development opportunities.

AERIAL VIEW OF LOWELL TEXTILE INSTITUTE

FIVE HONORARY DEGREES AT LTI COMMENCEMENT

L.T.I.—Five prominent personalities, all of them well known in the textile industry, have announced their intention to accept the honorary degree of Doctor of Science, which is to be conferred upon them at the commencement exercises of the graduating class of Lowell Institute, 1951, held in Memorial Auditorium on Monday, June 4, by President Martin Lydon. The commencement exercises will be held on the third day of commencement week, beginning at 2:30 P.M. Saturday, June 2.

During the commencement exercises, the following speakers will be introduced: John B. H. Fox, chairman of the Board of Directors, United States Steel Corporation; Dr. William H. Givens, president of the National Textile Research Institute; Dr. A. W. Smith, head of the Department of Textile Engineering at the Massachusetts Institute of Technology; Dr. E. M. Broughton, chairman of the Committee on Textile Science and Technology; and Dr. A. M. Loomis, head of the Department of Textile Science at the University of Wisconsin.

Dr. Fox, who is a graduate of Lowell Textile Institute, will speak on "The Textile Industry and the Textile Research Institute." Dr. Givens, who is a graduate of the Massachusetts Institute of Technology, will speak on "The Textile Industry and the Textile Research Institute." Dr. Broughton, who is a graduate of the University of Wisconsin, will speak on "The Textile Industry and the Textile Research Institute." Dr. Loomis, who is a graduate of the Massachusetts Institute of Technology, will speak on "The Textile Industry and the Textile Research Institute."
EDITORIAL

Upon looking over the essay that the Placement Bureau has issued, I feel that this amount of importance and effort all went into the effort of student to find positions. This service has been in effect under its present supervisor for only a short period of time, and during that time it has done right. To those students who have done so well and partake in industry, the armed forces, or are taking master's degrees. This is a reward that we can be proud to compare with one from any other college in the United States.

The TEXT, six blocks of all the movies that have been satisfactory and placed, would like to hand-false to all the graduate students, and wish them success in their future positions. We shall try to keep in touch with you all, through the Alumni Association, and keep you informed of all the news. It is truly a shame through the Alumni that the Institute can continue to grow. The Alum Library is a sample of what the Association can do to better the school, and without the support of concerned people it would never have been completed. No movie at the Alumni Weekend, let us see all back in the halls of L.T.I.

CURRENT CINEMA

By JOEL GRILL

The team who produced the excellent "Great Expectations" some years ago, have collaborated on another Decca movie, "Oliver Twist," and they have succeeded more than in make a picture that could be remembered. "Oliver Twist" has the same characteristics which made it one of such a successful film— excellent photography, good direction and acting, and the most delightful music in the history of film. The story line of this film and music is quite different. However, it is not these mechanical details which makes the picture such a good one, but rather the remarkable way in which the Dickens characters come to life and breathe. Even the impossible cast of characters which, in reality, could not move or exist on the surface of the earth, could move on the screen with the reality of life. For the most part, the cast is made up of actors who are excellent in their own right, and who do justice to the characters who are brought to life.

A new film of a kind like this one is made over the winter, but, it is only being sponsored because of the necessary amount of research and development by the British government. A group that claimed that the portrayal of Dickens by the film had definite characters is the same group that is upgrading the technical aspects of the film. Good, some can have been made, but they are not noticeable at all and are not noticeable at all. Also, the use of color in entertainment aspects of Dickens has been found in the book. Robert Mellor noted a quick-firing camera, and in the book, "the man in black," who is a very quick-firing director, and who does not make any mistakes because of the honesty with which they are so accurate.

The film was made with the best intentions, but, it is only being sponsored because of the necessary amount of research and development by the British government. DIAMOND MEN BEAT NEW BEDFORD, SUFFOLK; BOW TO NEW BRITAIN

With the New Britain Teachers game being called off because of a teacher's strike, coach Yarnall's forces ripped the Assumption College of Worcester in the closing quarter of the 1951 basketball season. Assumption, after having held the game to a tie in the first quarter, began scoring, and the game by scoring ten runs in the second quarter, met all opposition with the L.T.I. being bowled and live in the seventh. Coaches stated for L.T.I. but were not able to score away Lawrence in the fifth inning. Haley with a triple and a walk by Jeniff, Bill McNeil and in the sixth, for six were the losing stick men for Lawrence. L.T.I. Assumption won the game by scoring twice in the seventh to seven, over the desperate comeback drive. A last inning single with the bases-loaded and one out by star second baseman Bill Turcot gave Textile the fourth win of the season by a 1-7 score over New Bedford. Ken Roche pitched the whole game for Textile. He had no runs for nine hits. Murphy supplied a walk to start the fatal ninth. Three walks and Carroll reached on an error. Two Turcotte's timely ended the festivities. Fall also had a double in a free trip to the plate and turned in sensational play in the field. Carroll had three for four.

Saint University replaced Boston University on our schedule and they, unfortunately for them, run into a sparkling two-hit job by "Skippy" McKNight who took his first shutout at this game. In the seventh, Carroll walked, stole second and scored on a single by Haley. In the eighth, Carroll, third base, and stole second. McKnight then reached on a single's choice when Marvin was hit by a pitch. Carroll then walked and Murphy pushed out an error. Shortstop Shurlock walked. Saint then scored on a Saint University single hit, the only extra base hit of the game.

Carroll again returned to the Textile hatters as he hurled his second win of the season over L.T.I. This time by a 7-0 margin. Geoffrey gave up six but, fanned four and walked three more outshining

1951 BASEBALL TEAM

First Row: Ronnie Thennasson; Edere Men; Les Rowsy; Earl Graves; Jack Carroll and Bill Haley

Second Row: roger Murphy; Captain; Don Audelt; Hugh McKnight; Skip Kirby and Bill Kerkoff.

Head Coach: W. W. Yarnall; Coach. A. Pettitt; Warden McGuff; Gordon Arnold; Lloyd Whyn; Jerry Gershef and Bill Numan, Manager.

LETTERMEN SELECT MURPHY AS BEST ALL-AROUND ATHLETE

Roger Murphy, two-out star, has now been voted the L.C.T.N.B.T. athletic award for the 1950-51 season. Murphy, who was a member of the Veterans Club, was eligible to vote and the election was unanimous. Murphy has been a two-sport star: he won the Pisani and Baseball award for the Pisani and Baseball season. When he was Captain of both teams during this past season, Roger, who is a senior, was halfback on the football team and backfield and quarterbacks in the baseball team. Murphy also played outside fullback during the winter season. The Sports staff of the TEXT voted to concentrate the winner of the trophy for they feel that Murphy is one of the best and most deserving athletes to ever receive this award. It must also be pointed out that the fine four team made a commendable showing in the New England Intercollegiate Championship which was recently held. L.T.I. finished a strong second and left behind many of the bigger New England colleges. Nice job, boys! The tournament was held at the Orange Country Club at Westport and Frank Pollock, John Hopper, Bob Kelly and Dick Manuel represented Textile.

SPORTS MILL BY GERALD BARRY

Another eventful year has come and gone and L.T.I.'s athletes have still been notably successful. But the athletic committee, composed of members of the faculty, administration, and board of trustees, have attempted to do something concrete to improve the situation. The football team has been dropped from extra-curricular activities and various other outside committee have been set up to investigate the other sports. The financial situation will definitely improve in the Athletic Association and this will enable other minor sports to receive more well-deserved financial help. Scores show promise of taking the spot left open by football and last year's gridiron team truly deserve this honor. The progress of the team was the hard-working South Americans, who will be back next year and it is a must that a lot of evening success will be needed, and an informed source tells us that the AA will be cut out in the red, but the transfer and the graduation of football may aid considerable.

The class of '51 has graduated and with it has been known of those who have contributed greatly to the athletic programs at L.T.I. Football will greatly miss the tail of Tony Iankovatz, Ler Pantel, Charles Gilmore, Bob Roberts and Roger Murphy, who was the winner of the Lester Cushing Trophy. At Lunch and Erwin Needle will be laid to the basketball team while Joseph Komins, Roger Murphy, Irvin Needle, and Leonard Ru- bini will be lost to baseball. Martin Arosso, Bob Dadigrac, Roger Murphy; Jim Smith; and Bill Numan were members of the violin section. Bob Roberts played piano while Roger Jasper, Ross Miller, and Pet苦 were members of the drum team. John Hopper played piano while Bill Miller entered the music department and basketball while Donald Richardson registered both football and basketball. The class of '51 has definitely done its share for sports and the Institute may be fairly proud of these men.

I would now like to publicly thank Professor Cushing, athletic director at L.T.I., who has patiently answered my numerous questions through the course of the year and has kept me up-to-date on the progress on the athletic situation at L.T.I. I am also grateful to Coach Wilcox "Rocky" Yar- dley and President for their splendid cooperation during the course of the year. My deepest thanks to Sherman Lopin, Don Stack, Mark Becker, Bert Komins, Ed Edger, Tom Heffery and Ed Moore, who did yeoman work for us in our efforts to put out a complete and interesting sports page. And last, but not least, I am deeply thankful to the considerate members of the Traffic Department (especially Bill Desautels) during the year. At Bill Desautels would say, the 30 mark for tonight. Until next year, so.
Students in the Advanced Course will receive a tailor-made uniform suitable for the afternoon dress of Reserve Officers and cadets in service uniform. Approximately an hour after 4 p.m., the intramural games will be held from 4:00 to 6:00, rain or shine. Students wear uniforms, shirts, pants, socks, and shoes. They will all wear smart shoes and will be issued radios, field cards, and night vision goggles. A meeting room will be available for students to study and prepare for the competition.

A Special Order

The Order is used to convey information to the students. It is issued in the form of a letter or a memo, and it is signed by the student's advisor. The order is used to communicate the student's academic performance, attendance, and any other relevant information.

The Order is also used to convey the student's grades, attendance, and any other relevant information. It is signed by the student's advisor and delivered to the student's mailbox. The student is required to sign the Order, indicating that they have received and understand the information. The Order is used to communicate the student's academic performance, attendance, and any other relevant information.
THE TEXT

THURSDAY, MAY 31, 1951

ALUMNI TO HOLD (Continued from Page One)

of North Carolina, and the

children to Mr. Martin J. Lydon, Presi-

dent of L.T.I.

Professor Charles E. Edgerton has

been chosen as Master of Ceremonies

for the soon-honored, which will be

bested in the tradition of the

Alumni. At this time, the Class of 1911

will be honored. It is the custom of the

Alumni to honor a different class

each year.

The Alumni will join the President

and Administration, students and

officials of the state and vicinity on

the first presidential administration of

the history of L.T.I. at 2:00 P.M. in the

Lowell Memorial Auditorium.

The invocation will be given by Rev.

Frederick Thomas H. Tharrett, Asst.

Pryor Bishop of Boston. The insur-

ing address will be given by Mr.

Kenneth R. Fox. Reverend W. H.

Blackerburn, D.D., rector of the

Anne's Episcopal Church will pre-

nounce benediction at the close of

the service.

At 4:00 P.M., President Lydon

will be honored at a reception for

all in the Student Residence of the

recently constructed Alumni Livery.

The Senior Resident Veterans will

be held Sunday, June 5, at Temple Beth El in Lowell. Rabbi Joseph Warrill will present the

invocation and then he will introduce the

main speaker, Mr. George Alpert.

Mr. Alpert is a prominent Boston

attorney and President of the Board of

Trustees of Brandeis University. He

has instilled throughout the city with

promoting racial understanding and

tolerance.

Concertmeister will be held Mon-

day, April 4, at 7:30 A.M. in the

Lowell Memorial Auditorium, with

Reverend Robert Yeung, pastor of the

First Congregational Church of

Lowell giving the invocation. The

speaker for the graduation cere-

monies is Mayor General Howard

Feldman, Quartermaster General of

the United States Army.

A make-novel doing the exercises

will be the awarding of hon-

ors degrees by Master of Ceremonies

Mayor General Feldman, Kenneth

Fox, Vice-President in charge of

Relations Services for Exempt

Corporation, Dr. John H. Delon.

Director of the Textile Foundation

and the Textile Research Insti-

tute, Ralph K. Richardson, an L.T.I.

graduate, now President of the

Alumni Association and President and

Treasurer of Parkhill Mills, Inc.

and Mr. Francis W. White, President

of the American Woolen Company.

Mr. White's election to the presi-

dency of the company is significant

because he entered the industry as a

mill hand of 12 and worked his way

to the top. Benediction will be given

by Reverend Alvarado J. Mar-

nette, O.M.I., of St. Jean de Baptist

Church.

The climax of the activities of

Class of 1951 as well as Alumni Reunion.

The remaining student body and faculty extend their "Com-

inulations and "Best Wishes" for

peace and happiness to all the gradu-

ate.

This year, who leaves Lowell on the

fourth of June, will travel from

their Alma Mater as the confidence

of those remaining who will always

keep L.T.I. as a fond memory in

their lives and constructive years,

and that you will return in the future to

extend to old-timers, new alumni and

visitors the same hospitality that

you have enjoyed during the five

years that you have remained on

campus. A call on the faculty can

be made to any member of the

faculty or to the Registrar's Office.

ATTEND, FIBERGLAS (Continued from Page One)

The Fiberglass Scholarship, which is

awarded by the Owens-Corning

Fiberglass Corporation. This award

is given annually to an outstanding

student in any of the textile

majors, and selection is based upon

academic record, character, qualities

of leadership, and need.

Alfred C. Cote has received the

Fiberglass Scholarship, which is
drawn by each graduating student.

The recipient may elect to (a) gradu-

ate work or (b) take one year of prac-

tical training in representative mills

of the textile industry.

FIVE HONORARY DEGREES (Continued from Page One)

On June 30 and July 2, the L.T.I.

Class of 1951 will be graduated and

posthumously bestowed, 1951

Alumni. Among those who will

receive honorary degrees are Dr. John H. Delon, Ralph K. Richardson and Francis W. White.

Dr. Delon is a graduate of Johns

Hopkins and the University of Wis-

consin, where he earned his doctorate,

and is director of the Textile Founda-

tion and the Textile Research Insti-

tute. Richardson, a graduate of the

Lowell Institute and president of the

Alumni Association, is president and

treasurer of the Parkhill mills. He

has been a faithful benefactor of the

institute, and has continued to give

without stint his financial support.

Other Degrees

Other degrees who will receive honorary degrees are Dr. John H. Delon, Ralph K. Richardson and Francis W. White.
