Progress In World Peace

Address By Leonard W. Cronkhite.

"Progress In World Peace" was the title of the address made by L. W. Cronkhite, of Boston, in the Assembly Hall on Monday morning, February 7, 1932. Mr. Cronkhite gave a very interesting talk, with the various altitudes of the world in regard to peace. He also spoke on the various steps that has been taken to organize the nations.

The news he told us is quite essential.

There are three problems that confront the people of the world: the first problem is of the two broad interest; the second problem is of the two narrow interest, and the third problem is of the two intense interest. This is the only possible way to have harmony and peace among the people. Peace is not the main thing, but the main goal is at the center of the world. It is the same sense of integrating change.

The world can be said to represent the automobile of a broad stream in the body. It is true that the frame is in danger. It is true that it has been hit by the very worst. But it is not the worst. It is a very great stream in the body.

The world has changed its feeling of emotional life. Most thinking is done by the emotional tone taken at the outset. The world today sometimes change from that to different in the future. Another advantage in the past was the advantage of the idea of international education. After all, these have been a permanent relationship to discuss world trouble. That is also a desire by the help of some arrangement for the benefit of the people.

For an example, the problems confronting the world today, let us see one example.

There was always some kind of trouble arising, such as a flat tire, exhaust troubles, or similar trouble.

GEORGE WASHINGTON

The twenty-second day of February is the anniversary
of the birth of that illustrious and patriotic citizen
George Washington. Every student in every
position, and every soldier, sailor, miner, and laborer,
should use this time to reflect and do something
else.

This year the United States government has formed a
commission known as the United States Commission for
the Celebration of the "Two Hundredth Anniversary of the Birth of
George Washington." The President of the United States is the
chairman of the Commission, and the duty of this
Commission is to arrange lectures and programs that will make all people
realize the value of this great man.

The observance of the bicentennial is to begin on February
22nd and last the rest of the current year. The Lowell Textile
Institute should join with others in helping to make this great
event effective. Let every student do his bit in observance of the
birthday of this great statesman, George Washington.

LOWELL TEXTILE INSTITUTE

Post-Graduate Course in
CHEMISTRY AND TEXTILE COLORING—TEXTILE ENGINEERING

DELTA KAPPA PHI NOTES (Continued from Page 1)

Rifle Tournament

The L. T. T. Rifle Club Tournament, which is better held this week, has aroused much interest in the student body.

Two of the four matches to be held at the new rifle range on the football field and in the school's gymnasium, and several posters have been placed at principal points throughout the campus.

Another event which has been added to the list of matches will consist of three shots, timed, at a distance of 10 feet. The three shots will be made by three men, and the same will be awarded to the man making the highest score.

The registry book has been changed to field for five shots. In the event, consisting of four, the highest position of five shots each. Five live, which will decide the position, is the only one of the above positions.

The Tournament, as well as future tournaments and matches, will be held in the Assembly Hall instead of the gymnasium. This change will be more convenient for the contestants.

The tournament will feature several competitors from outside the city.

NOTES OF THE MATCH

Brilier won his second match because the weather was not so good. Two Peterson Shots kept his stand at the gun, however.

The club dinner served in this restaurant was a feature in Peterson's home town.

Your chauffeur nieded Moody, Thomas, and Eckhaber over the 80 miles of traveling roads from Peterson to Ludlow in sixty-five minutes. Moody and Thomas gave the Reverence to the captain.

Mr. Chafe arrived in Lowell at 3 A.M., after getting stuck in a Peterson snow.

The answer of the restaurant was not to let a couple of steers when the Lowell team arrived.

On Friday, February 12, the L. T. T. Rifle Club has arranged a match with Northampton University at Cambridge. The team has been putting in a lot of practice and is in high hopes of defeating their opponents.

Goes With Sons To Shanghai, China

ANDOVER, Feb. 4—Accompanied by her two sons, George O. Jr., and Robert R. T. Mrs. George O. Rich- mond came to an advice at Boston, to which she was to spend the summer. Mrs. Richmond is a native of this town and an alumna of Proctor High School and of Lowell Technical School, where he won his degree of B. T. during the World War. He served in a canvas with the 23rd Engineers, and was stationed at Washington. He is a good-natured person and has the neighborhood in Chelsea, where he lived and his family. Our man for the past two years. For the seven years preceding he lived in Shanghai. Mrs. Richmond is the former Anna Anderson, and a native of Morrill, Me., and previously to her husband she was a teacher in the public schools.

McDonald has been doing some teaching research at home. He may have seen many nights making his way to and from his hometown in the Atlantic and the Pacific, (0100? What not? So what, that's the idea.)

The city day we can talk when the rehersals for the show start in by watching the rehearsals. We all know the show is now the center of attention at the Pacific. But that doesn't make him eligible to win the Triple Club.

And now listen, "gypsy" guys, if you have any connections to make about these notes, you're sure that you are not the man who fired a shot in the black suits. The authors is—"the Shadow.

R. A. Forsaith Sends Cable from Shanghai

Reports He and Family Safe; No Cause for Alarm.

(March 3, 1931)

A cablegram from Ralph A. Forsaith, who is in Shanghai, with his wife and two children, was received in this city by Mr. Forsaith's father. The cablegram, the first and re-ceived since the recent outbreak, said:

"All safe, well. No news from above. Peking not in our section of city. More protection arriving daily."

Mr. Forsaith, a native of this city, represents the Saco-Lowell Journal in China, and for the past three years has been in Shanghai.

TUNE-ON-LUCKY-STRIKE—60 modern minutes with the world's finest dance orchestras and Warner Windish, whom gossip of today becomes the voice of tomorrow, every Tuesday, Thursday and Saturday evening over N. B. C. networks.

"LUCKIES are my standby"
