Sophomore Quintet Wins First Interclass Basket Ball Game.

On Friday evening, December 29, the Sophomore and Freshman teams met on the basketball floor to decide the first game of the interclass series. After the first quarter, the Sophomores held the ball and the Sophomores managed to get several points in the half while the Freshmen held to be satisfied with the two points scored by McKina. There was a good many substitutions in this half for the following were not in the better condition and there was frequent S. O. S. signals to the side line.

The scoring was more even in the second half. The Freshmen continued in shooting two field goals giving them the two points and then held the Sophomores to two baskets and no foul, for a total of six. The first team, 13 to 7, showed that the Sophomore team were then there with the stuff, but the Freshmen were not yet aware of the new game to keep up the old ball defense.

Mr. Cushing was on the side line giving out material for his second team which squad which begins practice on December 6th. Captain Harmon, McKina, and Barfield were up for the Freshmen, while Captain Hart and McGovern played a good game for the winners. It is to be hoped that a good number of both teams will be out for the varsity practice Monday.

The summary:

SOPHOMORES  FRESHMEN

McGovern, David, f, (Capt.) Harmon
Davenport, Hardie, f, (Capt.) Harmon
Hart, c, McGovern, Barfield
Flagg, c, McGovern

Goals from floor, McGovern 3, Davenport 2, Hart, Harmon, Barfield

Freshman News

Next Friday evening, December 16, the freshmen class will hold a social dance and the benefit for the athletic association. The athletic association, which has been financially crippled from the expenses incurred during the football season, must be compelled to bear this burden alone. Everyone is working hard, but without the co-operation of the upper classes, this deficit cannot be a success. Although the spirit of the students, living in the true life, very few, should not be one no matter where he lives, who should not attend this coming party. A little influence on the part of the committee members, together with the support of the school, will help to rebuild the athletic association to its former standing. Let us get together and make this a success.

What change have you noticed on the old campus? That the 24, which for the past few months, has been changed to the title 25.

The Bear Hunt

We were out on a bear-hunting expedition. Our cartridge had shot at a bear, but only drove him a little way. There were traces of blood on the snow, but we did not see the bear himself.

We all collected as a group, to decide whether we ought to go after the bear at once, or to sit up three or four days till he should settle down. We asked the present bear-hunter, Mr. Ralph Fursdon from the Franklin Manufacturing Company, who has been asked to speak.

Three delegates left Tuesday evening to represent the Lowell Textile Branch of the A. S. M. E. at the Annual Meeting being held in New York. The delegation, consisting of R. Boulton and Chadd, will hold the election of the officers at the convention.

School Notes

The choice of Harvard Roster, 27th for the next football men's meet of December 16, was ratified by the executive council at its meeting Tuesday night. According to all indications the Christmas dinner dinner will be the last. It's up to the upper classes to help the Freshman make a success of it.

On Tuesday, December 6th (for) the Christmas dinner dinner was opened up for appetizers. He is reported to be considering and hopes to have us together again after the Christmas recess.

Don't fail to patronize the Seniors, when you need only peanuts or cigarettes.

TEXTILE CHRISTIAN ASSOCIATION

The Textile Christian Association is making plans to work in conjunction with the Y. M. C. A. to give another Textile Night at the "T" store after the Christmas vacation. Everyone remembers the great time had by all last year and another good time is promised.

After the Christmas vacation the Association will start a series of lectures on subjects which will be interesting to the students.

Fraternity Notes

OMICRON PI
OMICRO PI will hold its work-week party tomorrow and Sunday. Tomorrow afternoon, the brothers of Delta Kappa Phi will give a party for the benefit of young ladies to the fraternity house where refreshments will be served. The party will be held from 4 to 7. Tomorrow evening, the ladies will be entertained by the Orchestra of the Junior class and the fraternity band from 8 to 11.

On Friday evening, December 9th, the Omicron Pi Freshman Smoker will be held at the Chapter House. About seventy-five persons are expected, among them, the President Edward Kimball and a member of the fraternity. The entertainment will be furnished by the "Garden City Trio" of Boston and they will be all artists in every sense of the word. Snacks and cakes will be plentiful and all proceeds will be given to the fraternity.

A few words were spoken by President Kimball to the ladies, who were given a special dinner at 8:30.

One of the most successful house parties of the season was held yesterday evening, the week end of December 10th and 11th at the home of the Omicron Pi Fraternity. The house was cleared and was decorated with a garland of stars, the colors of the fraternity. The musicians were furnished by the University Band. The party was given in the name of the fraternity and a great success. The guests were all invited to the party and had a wonderful time. They were entertained with music, dancing, and refreshments. The party lasted until midnight and was a great success.

DELTA KAPPA PHI SMOKER
The sixteenth annual smoker of the Delta Chapter, Delta Kappa Phi Fraternity, was held Wednesday night, December 14th. About forty freshmen were the guests of the evening. A number of the faculty were present, including President Eames. The freshmen were shown the house and introduced to the members and alumni present. At 8:30 all assembled in the reception room where E. V. Steele gave a short address of welcome. President Eames was then introduced and gave a short speech on the value of the fraternity to the college. The following members of the fraternity furnished the entertainment for the evening: W. M. Davis of the Alpha Chapter, Philadelphia, told in a few words, the distinctively fraternal bond to the fraternity. He then introduced a musical act from the B. F. Kealor Circuit band; at the conclusion of the act F. H. Parker gave an interesting talk on the geography, English, German, and French. These points thoroughly impressed the fraternity; they realized that it is necessary to learn the same in order to be able to hold a place in the present day manufacturing fields.

The fraternity "Cubs" orchestra then rendered a few stirring selections after which refreshments were served. The remainder of the evening was given over to cards playing and smoking.

The committee in charge were: Mr. R. Hales, F. W. South and W. Coors.

By-Laws of the Interfraternity Council

ARTICLE I
Section 1. The name of this body shall be "The Interfraternity Council of the Lowell Textile School." Section 2. It shall be composed of three members from each fraternity, one of whom shall be the president of his fraternity. Section 3. The object shall be to promote a closer relationship between the various fraternities, to draw up interfraternity agreements, to act as arbitrators in all interfraternity discussions.

ARTICLE II
Section 1. The officers of this council shall consist of a president and secretary.

ARTICLE III
Section 1. The meetings shall be held on the 1st Monday of each month. Section 2. Special meetings may be called by the president.

The Bear Hunt
(Continued from page 39)
plunging pillars and when I looked up I saw, through delicate white tracery, a vast, snow-clad landscape studded with coloured lights. After a good hike, I reminded myself that we were in the forest, and when I slept, for a full half-hour, were trees covered with snow, and from the branches, and the coloured lights were stars shining down from the tree-tops, and the snow fell like snowflakes from the sky. It was a beautiful winter morning, and the sun struggled through the branches, the stars seemed to be coming to meet us, now winking, now shining, as if the whole were in motion.

Gems from Light Opera "The Merry Widow"

By HANNIBAL

After the stage has turned to left in one direction they will reverse it.

The object of this machine is its purpose.

The larger you can see the 79, sometimes we see a 28.

Not many miles we this, but most of them do.

Erik Bérne plunks the wall with pictures of fair Lucy-Lucy is quite a ballet dancer.

People from the human skull has been found unsatisfactory for commercial purposes.

Cabinet upholstery take notice.

Furbel will his work scattered all over.

His desk was resurfaced by Mr. Bouchard with the following words, "God help the man that gets you."

Why is Kent Hardie wears a cravat in the basket-ball pants?

Although it hasn't been known that anyone has received serious injuries, its reported that MacLachlan has been found unconscious near the Hospital on Pawtucket Street. Perhaps he has "love pain."

The Surgeon's error with the formally identical of A. C. Clifford if the tickets fell off against it much.

Also Mr. E. J. Reid would be glad to know why Clifford was wearing one of his sandals around school.

It is reported that Abe Kaster has assumed the role of promotor for a host of his letters between "Big Boy Nelson" and "Colonel" Hodge.

Thursday. "Is it against the law to poodle pets?"

Glasses "No, but remember that doesn't stop me!"

FAMOUS WORDS

"We've got to have money, that's all there is to it!"

Mr. Yeaton: "What is down draft as a formity?"

Johny: "One that has a face on both sides of the grate."

HELLO CARLES From Hill Dick!

"Phew. McLaughlin in Power Plane now suggests the formity of "green" coal.

Oh, her name was Irene

And she wrote Crepe & Cherie

You can come twice

Then you could Crepe de Cherie

Herbie Bell: "What a density?"

Brown: "I can't define it but I can give it an illustration.""

Herbie Bell: "The illustration is good.

Sit down."

JOE STAPLE

Archibald: "How do they get water in a water violin?"

Tupper: "They put the violin in the ground."

Bette: "What's your rush?"

Getta: "I've got a date with the Editor-Joanne."

Nelly: "Well, you'll have to lugget it."

NOTICE: FARMERS

If your sprouts are dilly and soft, buy Jack Farrell's new implement called the Wicone, a great developer.

AFTER THE LOOM

Bessie Fairfax.

We are two young students, our Alma Mater is the Lowell Technical School, we have good prospects and the Lowell girls say we have brains. Now we have been calling on two Pippins in Boston, no, not pigeons, girls, and are and stirred by their attractions. Also we bring them a watermelon and some hard candy every week and we don't seem to have made much headway. What is the trouble.

Sincerely,

E. Lancy

E. Maller

Miss Fairfax will give the solution in the next file.
