Commencement Activities At Lowell Textile Institute

CLASS OF 1939

THURSDAY, JUNE 1

6:00 a.m. DEEP SEA FISHING TRIP ON IPSWICH BAY. The members of the class are asked to meet in the Quadrangle promptly at 6 a.m. Transportation is to and from Ipswich will be provided.

FRIDAY, JUNE 2

7:30 a.m. HOUSE PARTY AND OUTING, GUESTS OF PROFESSOR A. EDWIN WELLS AT OCEAN PARK, MAINE. The members of the class are asked to meet in the Quadrangle promptly at 7:30 a.m. Transportation will be provided.

Come dressed for a good time and not for style! Choose your fun from the following activities:

- Cassco Bay Sail in the afternoon, price 65c. Shuffleboard tournaments with prizes.
- Softball, handball, horseshoes, and croquet on the beach.
- Surf sailing—bring sailing suit and towel.
- Variety of games at the cottage.
- Roller skating, bowing, and amusements at Old Orchard Pier.

GRAND WEEWEE ROAST! 6:00 p.m. on the beach.

H. T. P. Fun Meeting! 8:30 p.m. on the beach.

- Roller skating, bowing, and amusements at Old Orchard Pier.
- Variety of games at the cottage.
- Movies at local theatres.

GRAND WEEWEE ROAST around the fireplace at the cottage.

SATURDAY, JUNE 3

FORTIETH ANNUAL REUNION

Lowell Textile Institute Alumni Association

Degree students of the Class of 1939 must obtain their Caps and Gowns at the Book Store for the Fence Decoration on Saturday, and the Baccalaureate Service on Sunday.

10:00 a.m. INSPECTION OF THE NEW BUILDING AND INTERESTING EXHIBITS OF NEW apparatus, machinery, and processes used at Textile Institute. Parents are invited to the Dedication at 10:30 a.m.

12:00 m LUNCHEON served in Southwick Hall. Proctor's tickets from Professor Arthur A. Stewart, Alumni Secretary.

2:00 p.m. DEDICATION by the Class of 1939 of an addition to the Class Fence. Plans for the Dedication by the Friedmanns' with Lowell Textile Alumni.

7:00 p.m. DINNER at the Vesper Country Club.

Lowell Textile Baseball Team Shows Class

Wins Four Consecutive Games Including a Double-Header — Proulx and Johnson Come Through With Fine Hurling.

Continuing our resume of Textile's doings on the diamond, the boys have shown a good brand of ball in their last four starts, making it four straight wins. Although we have more defeats than victories to date in this late season spurt shows that the boys are in top form at the time and with a little luck can come through with their share of victories.

U. of N. H. 14, Textile 8

Against the Wildcats of the University of New Hampshire, Textile did not fair so well. Up to the fifth inning the game was close, but then New Hampshire opened up, Textile committed to errors which spelled their doom. Hard was the big hitter for Textile.

Textile Takes Double Header

Textile went to the U. S. Coast Guard Academy on May 50, playing a double-header there and winning both games from the Service School. Johnson hurled the first game and Proulx the second. The team was behind both pitchers and they came through with a double victory.

The score:

Textile 8, U. S. C. G. 2 (first game)

Textile 11, U. S. C. G. 4 (second game)

Textile 6, Assumption 5

Assumption came to Lowell next and Textile won its 3rd consecutive game. Moreover, it was

New Editor of "The Text"

Merlen C. Bullock '40, who will take over the duties of Editor-in-Chief of "The Text" for the next school year.

40th Annual Reunion Of L. T. I. Alumni Association

Saturday, June 3, 1939

LOWELL TEXTILE INSTITUTE, LLOWELL, MASS. Program

9:50 A.M. Registration and Social Hour—Report to the Secretary's Office, register and obtain your coupon ticket. Room 261 will be reserved for a cloak room.

TICKETS.

Reservations must be made not later than June 2. Do not fail to give your correct mailing address.

Price of lunch ticket $1.00. Dinner at Vesper Country Club $1.75 additional for those making special reservations. On or before June 2.

10:15 A.M. THE INSTRUCTING STAFF will be present to take your registration and explain the new equipment and tell you of the outstanding advances and progress being made at L. T. I. Inspect the new Louis Pasteur Hall, now occupied and picturesquely equipped.

11:00 A.M. Lowell Textile Institute Alumni Athletic Association meeting in Room 261. A new organization to which all the Alumni are invited.

12:00 M. LUNCH, Assembly Hall. Addresses by President Russell T. Fisher, '41; President Charles H. Ennes, Major B. J. Fannin of the Quarter Master Corps. Selection and Preparation Plans.

1:00 P.M. BUSINESS MEETING. Assembly Hall. Russell T. Fisher, '41, President. Reports of Officers and Committees. Report of Nominating Committee. Election of Officers. Transactions of any other business that may legally come before the meeting.

2:30 P.M. Dedication of Campus Fence Section by the Class of 1939. Faculty and Seniors will be in Cap and Gown. All the Alumni are invited to participate in this colorful ceremony.

3:00 P.M. BASEBALL GAME. Lowell Textile vs. Alumni, 4-9 P.M. Pratematics extend a cordial invitation to their Alumni to enjoy a Social Hour at the "First" Houses.

7:00 P.M. Steak dinner at Vesper Country Club for those making special reservations.

ARTHUR A. STEWART, '09, Secretary-Treasurer, RUSSELL T. FISHER, '41, President.

Textile Golf Team In Great Showing

Losing only one match out of four the Lowell Textile golf team looked great in its first season at the T. J. Murphy, '41, picked the team with an average of 71 for the four matches. The team is looking forward to bigger and better seasons in the future.

The 1939 varsity golf squad included Captain Bob Feld, '41; Ben Batcheller, '39; Francis Murphy, Textile Institute in June, 1936. He employed for the past three years as a textile chemist with the company in Stamford, Mass.

Training Schools For Making Cars

Manufacturers Maintain Wide Diversity of Courses To Train Youngsters and Advance Ambitious Workers.

In an atmosphere remote from academic reserve, automobile companies are conducting schools which each year pass thousands of young men who have added the latest knowledge accumulated in the dynamic and ever-changing process of production.

Teaching techniques so involved and diversified as to be beyond the scope of general schools, car manufacturers have had to develop their own courses of study in order to get men sufficiently trained to carry on the many activities requiring special skills and responsibilities.

Schools for engineers, draftsmen, testers, and salesmen; choosers of new parts, skilled in mathematics, mechanics, foreign, clerical work; typists, and many others are being taught the different languages and business administration, are operated at managers of plants.

Enrollment is necessarily limited by time and facilities, and waiting lists for many other schools.

Several millions of dollars go into maintaining this work each year, and the value added is estimated even more highly. The system makes for a steady influx of new blood into the industry, and thus the adept to the tasks in which they will be needed.

The necessity of bridging the gap between technical education and the practical work required in motor manufacturing has called into being a number of apprentice companies which have set up advanced engineering training.

One company’s school is entirely devoted to the training of men who are experienced in engineering. Its regular two-year course, established primarily to develop high-grade specially trained technicians to the requirements of the industry, has proved, particularly valuable in equipping young men fresh from college for the motor industry needs.

By giving the students an opportunity, at the close of each year, to gain experience in the engineering laboratory, talents for particular activities developed in the classroom, the detail work not only includes advanced technical study, but also courses in social science, accounting, and history.

Special instruction in languages and interlaced business practices is given for the benefit of those who wish to fit themselves for work in foreign trade departments.

More than thirty different trades are taught by one instructor.

(Continued on page 3)
Training Schools For Making Cars

(Continued from page 8) mobile company conducting apprentice courses. Enrollment prerequisites in the machine, tool, and die trades, but many young men are being trained for jobs as millwrights, sheet metal workers, pattern makers, electricians, and welders. A few select courses leading to jobs as template makers, molders, carpenters, and die makers.

Offering to dealers a cooperative apprenticeship training to prepare men for service departments, the company has given more than 3,000 young men a foundation training for car service work.

Another school makes available courses in business management to dealers' sons.

While the primary objectives are development of promising young men for future responsibilities, the launching of educational training has met an urge from employees, young and old, workers on the line or in the office, and junior executives as well — for opportunity to master sub-

The New York World's Fair
INTERESTING FACTS CONCERNING THE WORLD'S GREATEST FAIR.

For Aid for Fair Visitors
More than 100 nurses will assist a corps of physicians at ten

training centers of the New York World's Fair 1933. Despite accident prevention measures, doctors estimate that 10,000 of the sixty

million visitors will receive some degree of medical service.

Old Masters At Fair
Among the great classical painters whose work will be shown at the New York World's Fair 1933, Raphael, Titian, Rembrandt, Vermeer, Watteau, Gainsborough and Reynolds.

While the training of the young men is of primary importance, it is necessary to train, just as replacement, 3,000 new men annually.

In the past 59 years more than 4,500 men and women have taken advantage of the 900 unit courses, covering practically every phase of the automobile industry, offered by one company.

Ammunition in Colors
Unlike the "White Fairs" of the past, the New York World's Fair 1933, representing "The World of Tomorrow," will be a veritable rainbow of color. Exhibition space will be devoted to the crafts in which the United States notably excels.

Mecca of Fashions
For the first time in the history of international expositions, the New York World's Fair will devote an entire building to apparel and accessories. The Hall of Fashion will contain all that is dear to woman in her costuming and the things that go with it. Hats, jewels, furs, and handbags will occupy an important part of the exhibition.

Turkey Speaks To World
A new international broadcasting station, WNY, has brought the voice of Turkey across land and sea to the United States for the first time. President Ismet Inonou addressed America in a "Sultans of Nations" program under the auspices of the New York World's Fair.

Advice To Bulb Growers
Experts from Holland have decided that tulip bulbs should be planted fairly deep in the northeastern seaboard area of the United States. On the grounds of the New York World's Fair 1933, there is about six inches between the top of the bulb and the surface of the soil.

1939 Football Schedule

The Lowell Textile football team will play eight games next fall. Four will be played on the home ground, while the other four will take place on alien territories. There will be three familiar elevens missing from the set-up and St. Anselm's Coll and Connecticut State will be the new additions.

The important team missing from the Millmen slate is the New Hampshire University Wildcats from Durham. Textile handed the upset university a crushing in the initial game last year.

Hyannis Teachers will open the season here on September 20 and the remaining local skir- mishes slated are Arnold, Oct. 19, City College of N. Y., Oct. 26, and Norwich, Nov. 18. The entire schedule follows:

Sept. 29—Hyannis Teachers at Lowell.
Oct. 7—Colby at Waterville, Maine.
Oct. 19—St. Anselm's at Manchester, N. H.

The new autumn schedule will be made public later this week.

At the New York World's Fair

...Captain Nancy LOWRY and her Guides will show millions their way around.

And at the Fair... or wherever you go... Chesterfield's right combination of the world's best cigarette tobaccos is showing millions the way to more smoking pleasure.

When you try them you'll know why Chesterfields give smokers just what they want in a cigarette... more refreshing mildness... better taste... more pleasing aroma.

THEY SATISFY
