Lt. Col. Cobin is introduced as second Lieutenant Cobin, at Colonel Kelly performed the ceremony.

LTI Library Offers It’s Facilities To Industry

By permission of the Commonwealth of Massachusetts, the LTI Library provides a limited number of memberships to corporate members in corporations or individuals who wish to be involved in the following privileges at the Lowells Technological Institute.

Korean Student Files Application

Mr. Franklin Park, a Korean student last spring applied (or admission to Lowell Technological Institute. He is the first Korean to apply as an undergraduate student, as far as I know. The application was requested by letter for the fall semester, and we have received no further news from him.

Seniors Hear Alumnus Speak At Placement Bureau Seminar

The second seminar meeting for seniors at L.T.I. took place at Southwick Hall last summer, Mr. Lawrence L. Born, president of Associated College, Lowell, Mass. Mr. Savage spoke to the seniors about the future of the college and the career opportunities that are available to them.

Guest Lecturers To Speak At LTI

The Mirror Text Clinic, which is a great place to find guest lectures in supplement to the regular classwork, is offering a series of guest lectures this semester. Among the topics covered in the course with guest lecturers speaking in their area of expertise are: transportation, military service, and book publishing. Students are encouraged to attend the lectures and to bring their notebooks to keep track of the material covered.

Sophs Hold Dinner-Dance

With reservations confirmed, the Executive Committee of the Class of 1955, under the chairmanship of John M. Taylor, has arranged for a formal dinner-dance for sophomores on Saturday evening, February 7, at 8 p.m. in the Samuels Ballroom.

Deans List

The Deans List is an important part of the educational process, as it helps students to set goals and to achieve them. The list is updated regularly and is available to all students who wish to see their progress.

Textile Mill Operators Of New England Fight Slump

Depression has brought on a major strike in the textile industry. The men are standing fast, but the textile industry is suffering.

MIS-PICKS by STEVE ADLER

If you see me getting thinner and thinner in April, it means that I am just putting the vapors on. The truth of the matter is that I will be saving my money so that I can buy a new car in May. Some of the whole thing centers around a bet that I made with him about the Textile Machinery Show in April.

It seems that I overheard the Sergeant saying, the other day, that he was sure I was just a few steps away from the strike. So we are making some small bets to help out. I had hardly time to close my mouth, before the good Sergeant and I had a bet.

"You see the Textile Machinery Show will probably be held Thursday, April 28th. We'll put off the strike to that date. We'll be the first to know. If I am right, I'll not have to burst out laughing. "Why, you," quoth he, "Let me explain a few of the facts of life to you.

"First of all, look at the market. The textile stocks will be getting. His transportation is on and from Atlantic City (via Lowell) will be free. He's an HCC student, his room and board for 3 full days will come to about $13.60; if he's not a ROTC student, or does not have a job, he can get a guaranteed room and meals at the Hotel Senator. The only time the Antillean will make any demands on his title will be before you're Bite of March and even then, it will be worth his while to advertise -- this week, anyway. The Antillean will pay for almost every student's banquet ticket.

"I don't have to tell you about the Exposition it's the one time in a lifetime opportunity to see certain machination, and to find out how to do business. Also, you know, your guy will not have to worry about how he will get right into the Exposition.

"So," the sergeant concluded gleefully, "Do you think only 50% of the students will go?"

Of course I told him to hell, because I don't think there is a better bet I've heard. But we quacked a little, but I muttered darkly about certain intangibles, the draft, income taxes, cigarettes, the price of steak, and the like. We both offered to buy him a steak dinner and call it quits.

But this is one bet I wouldn't particularly mind losing.

Since I'm going to lose weight anyway, I might as well get a little money on it.

Due to misguided thrift, and an incredible lack of foresight on the part of the builder, there seems to be an acute housing shortage in Smith Hall (and the Library). Our Engineer has only one solution, and that's to throw in the towel (and open a window if it started to get too warm), the banging of the doors, and the making of the whooshing sound. He feels that everybody in Smith Hall try this for one week next year. This will be a good night's sleep, what have we to lose?

I think that this year has proved conclusively that, no matter how much you are paid into preparing the schedule, and on top of it, it is impossible to prepare one, under the present conditions. It is a frustrating. The trouble is that final registration takes place before the marks are ready.

Since the Registrar and the Personnel Office have to have everything in by the last week in February, and with so many students trying to work with patch-up schedules anyway, the Registrar is faced with the choice of accepting late cards on any courses that are still available. Why not have the cards ready, and the students have a chance to get some more work in? Bring it on they would want to see, and take place on two afternoons during finals (so that a finished schedule could be worked up during the vacatant's would go to them known for enough)."

One last thing, I can see that, until they get the points worked out of this new set of cards, Seniors on probation and freshmen, but the method of placing those some students on Probation or on Dean's List, I cannot see. More of the troubles with structure, for the back, or less, plus or minus 3 points. The final grades are awarded according to the figures, even with the disadvantage that the student may not have any choices, the better the student does on his work, the better his grade. The final grade is awarded according to the figures, even with the disadvantage that the student may not have any choices, the better the student does on his work, the better his grade.
SPORTSMILL...

KNICKS vs. CELTS

It seems that in the past two weeks temperatures have been climbing. The weather is great, and with suitable equipment we pick them to repeat, and win the National League Championship for the third straight year.

It seems as though the New York Giants are not interested in winning the pennant. Their record deal with the Braves have made even the less than last year, and they will give the Dodgers serious trouble. The Braves, acquired Bobby Thomson from the Giants, and in return they gave up Johnny Antonelli, who hasn’t shown much as all since he has been in the league.

The Bronx and the Senators pulled off a grand trade in the Umpilh-Jensen swap. Umpilh was most impressive with the Sox last year and will be a definite asset to the Senators. However it looks as if the Sox benefitted a great deal more at Jensen has proven himself to be another great addition to the team in the league. He will definitely strengthen the Sox pick-up line and win the pennant.

The big question around New York Town is will the Yankees repeat for the sixth straight time? Their 20% odds make them a definite favorite, along with Casey Stegel’s. The powers the fans will once again see the Yankee World Series.

GIANT fans are hoping that Sal Maglie regains his form of '51 and '52; While Brooklyn fans hope that Joe Tuckwill once again resemble the perennial winning Black of the '52 campaign.

FLEET Aero

Saturday night in a midwesten track meet West Santa of the University of Kansas ran the mile anchor in a relay race for Kansas, where the 4:02.5 and is already surpassing Gunder Hags’ 4:03 record. This low-angled man from Kansas has just been falling into the state’s own running in the near future approaches the four-minute mile it will be West Santa. But what if he can run the mile in time near the four-minute mark.

THREE...THE TEXT

Tech Bows 50-41 To Keene Teachers

On Monday February 15th, the Tech Versity and Junior varsity travelled to Keene, New Hampshire to take on the Keene Teachers even. Tech split with Keene, as the Varsity went down to defeat 50-41, while Tech’s JV won by the same score.

π Lam, Phi Psi Battle For Title

At this time it seems that the Interleague Competition is narrowed down to a two team race between π Lambda Lambda and Phi Psi. Lambda is currently in first place with Phi Psi having only 3 wins and no ties in the Interleague, while 21 points were awarded to Lambda’s last place. Hagg’s straight line, which was a 3-1 win over Athens, also scored 31 points, and Stan Sharr with 31 points. The only other team to win this fall was Beta K., and the Interleague standings are as follows: Lambda, 21; Phi Psi, 20; Hagg, 19; Alpha Gamma, and Galland, 12 each. The Independents, with 18 points, have made the most of this season, and with Acapulco’s vacation ready for the remainder of the game.

The Interleague season has been a bit of an old man’s game. For Newcombe and Larry Moore led the Tech seniors with 30 points each while Dave King and Pete Kory, who started the game on the wrong side of 0-1, had 23 and 21 points. Pete was a 21-4 victory, sparked by Jim Lowell, Stanley Eskin and Al Copeland, who led the seniors with 30 and 32 points while Camphew dropped in 11 for the students.

The J.V. team has been defeated in both games, but they have been improving. One of the members of Tech’s basketball team, Eichenlow, has been playing in the Varsity. The Independents have scored more than three times as many points as Tech this season.

Their next home game is scheduled for tomorrow night against Keene College at 7:30 P.M. in the Tech gymnasium.

π Phi Bowlers Cup Title Once More

The Chi Omega bowing squad successfully defended its championship, as it clinched first place in the New Hampshire Interleague tournament.

The championship team of Keene won the title with 21 points, Keene, the title with 21 points, while the Keene Teachers won 30, Alpha Gamma 19 and Alpha Neuro 18.

The Interleague season has been a bit of an old man’s game. For Newcombe and Larry Moore led the Tech seniors with 30 points each while Dave King and Pete Kory, who started the game on the wrong side of 0-1, had 23 and 21 points. Pete was a 21-4 victory, sparked by Jim Lowell, Stanley Eskin and Al Copeland, who led the seniors with 30 and 32 points while Camphew dropped in 11 for the students.

Charlie Pillen of Keene High School was named the Most Valuable Player of the tournament.

The Interleague season has been a bit of an old man’s game. DELTA KAPPA PHI

The brothers of Delta Kappa Phi take great pride in announcing those Bo are proud to prove themselves worthy of membership in their fraternity. They are as follows:

Colin MacGregor  
Robert H. Alfred  
Vincent W. Kulickowski  
Robert H. Carrier  
David Bagshaw  
Philip C. Swaim  
Laod C. Caldwell  
Yervant Amanian  
Barry Egan  
Lawrence Walsh  
James J. Lyon  
John J. Lynn  
Conrad Metcalf  
John W. DePinto

Recently, the brothers of Delta Kappa Phi have received word that they will be invited to join the national fraternity's chapter of the year. This is a great honor for the brothers and a testament to their hard work and dedication to the fraternity. They hope to continue their tradition of excellence in the future.

OMICRON PI

The Omicron Pi chapter has been awarded the title of "Chapter of the Year." This is a great honor for the chapter and a testament to their hard work and dedication to Omicron Pi. They hope to continue their tradition of excellence in the future.

PLA MIBA PHI

The Pi Lambda Phi chapter has been awarded the title of "Chapter of the Year." This is a great honor for the chapter and a testament to their hard work and dedication to Pi Lambda Phi. They hope to continue their tradition of excellence in the future.

Campus Comments

Today's college environment is full of opportunities for leadership and personal growth. One of the ways that students can take advantage of these opportunities is through membership in a fraternity. Fraternities offer a unique opportunity to build relationships, learn new skills, and develop a sense of community. They are a great way to meet new people and make lifelong friends. If you are interested in joining a fraternity, I would encourage you to talk to your campus leadership and explore the options available to you.
