Copy of Petition to the President and the Board of Trustees on Name Change

To President and the Board of Trustees of the Lowell Textile School:

At a special meeting of the Executive Committee of the Lowell Textile School, on October 15, the report of the Alumni Committee was accepted, and the President, the Secretary, and the Executive Committee were instructed to present the report together with the recommendation of the Executive Committee to the President and the Board of Trustees of the Lowell Textile School.

The result of the questionnaire mailed to 728 of the former students of the school is as follows. The majority of the Executive Committee, strongly in favor of a change of name, returned their ballots. Of these, 575 voted for the change, 106 against. The change is over. We are of the opinion that the majority of the alumni have given their vote in favor of the change and the majority of them believe in the new name. A careful study of the votes indicates that the majority of the alumni have given their vote in favor of the change and the majority of them believe in the new name. A careful study of the votes indicates that the majority of the alumni have given their vote in favor of the change and the majority of them believe in the new name.

Scholarship Competition for Freshmen to Be Instituted

Through the Faculty members of the various Freshmen classes, the following rules for the scholarship competition were adopted:

1. Scholarship Competition will be held on the second Saturday of the month.
2. The competition will be open to all Freshmen.
3. The competition will consist of a quiz on literature, mathematics, and science.
4. The competition will be held in the new auditorium.
5. The competition will be judged by a panel of judges.

Parker Lecture Program Announced

The following is this season's program for the Parker Course of Lectures given annually in Memorial Auditorium.

NO. 1 FIRST EVENING SERIES

Thursday, Nov. 14

H. E. Newton

Monday (Illustrated)

Thur. Dec. 1

E. H. Newson

Tuesday (Illustrated)

Wednesday, Jan. 4

Lowell Textile Historical Society (Illustrated)

Wednesday, Jan. 11

Chamber Orchestra

Lecture on Music and evening program

with Nicholas Blandswick, conductor

in Liberty Hall at 7 P.M.

Jan. 18

NO. 2 SECOND EVENING SERIES

Thursday, Feb. 4

W. B. Thomas

Saturday (Illustrated)

Friday, Feb. 5

R. G. Gage

with Josie Beanworts, soprano

Saturday, Feb. 6

Saturday, Feb. 13

Saturday, Feb. 20

Saturday, Feb. 27

An evening with Lowell Textile Historical Society (Illustrated)

Another “Text” Night Planned

Enormous interest in the venture of Oct. 18, The Text is to continue another such evening, which will bring a series of meetings, planned to cover all aspects of the Textile Industry, and spring from the questions of immediate and far-off interest. The meeting will be held in the new auditorium.

Engineers Plan Trip

On Nov. 9th, the local student section of A. S. M. E. will travel to Manchester, N. H., for a trip through the various departments of the Manchester Textile Company. The itinerary will include a visit to the Almco Mill, the Almco Mills, the Manchester Mills, and the Manchester Mills. The trip will be an educational and social experience, and is expected to last for about two hours.

Engineers Cite English as Subject of Most Practical Value

According to the Stevens Survey, a group of prominent engineers were recently asked what subject had been of the most practical value to them after twenty years of experience in their field. The vote of the majority was not conclusive, but descriptive of conclusions reached by the Association. Those men, recognized as leaders by their contemporaries, knew whereof they spake. A man may know all there is to know about a subject, but his knowledge may be of little practical value unless he can apply it to his work. The text of the survey is as follows:

"The text of the survey is as follows:

A large scale of books and periodicals is available in the library.

Obviously, a large scale of books and periodicals is available in the library.

Random Ramblings

At last the clock system is functioning again after a fortnight of its absence, due to a broken mains battery. If Textile were in Boston we might have had it company on the part of the Administration Department. We understand that the men of the clockroom are too busy to receive requests to start clocks. We have asked and been told to come in person.

The Inter-Collegiate "Triton" under graduate weekly that last Monday, Edition, was a member of the "Textile" class and with Lowell. New Trifl Shorr et Wheelers. W. Van, whose presence at a dinner was regarded in the "Coultier" of October 27, is the sister of "Brye, Stiffel, Stuyt, Man Stiffel's play in the first Cornell National was unusually brilliant, and the familiar elimination with the final result. We come forward with what we consider the prize of the year. One of our buildings, whose sitting, according to some rumor in the Fire Lab, put three barriers under a hat at once since the present season? Who are we to sit on the sidelines and criticize the efforts of those who are striving steadily and without complaint?

When a team is struggling along in the closing stages of a game, we have, and not meeting with due se-

sion, there is the time for those who would call themselves supporters to prove their allegiance.

The following Saturday we take on (Worcester) Tech in the largest game of the year. Before Tech still possess our scrivener handiwork. One of Converse and Underwood, who are, in circumstance, joint captives, the team as a whole has not an inconsiderable record to date. This fact coupled with knowledge that our team's spirit and morale are always at their greatest per cent. in almost every game, gives Textile a better-than-even chance to discard of the customary boons.

Both of these games are to be played on the Campus. The team guarantees to be there on each occasion, and, owing to the steady defeat, will have victory as the mere fact and only thought. The first encourages the fact that we can but in our presence on the sidelines as spectators. How about it?

Lewon's downtown section has been undergoing quite a metamorphosis. A. G. Fields' new building is rapidly nearing completion and will do much to improve Merrimack street to a great extent. Don Markas has come forward with a new front that is very attractive.

Deep-rooted smoke-hankerers, will have something to say those who will have the largest score when the final athleticschool. This game is to be seen at one end of the box. What with some new and desirable players not yet one of the Bag and with an ever-improving combination swinging into action, there is an exceptionally good chance for our team to come through. Any team that can take a 40 to 5 from such an outfit cannot be entirely out of our class.

Pipe paths lead to P.A.

YOU can take the long, circuitous route and come to P.A. by degrees, as you eventually will, or you can cut corners and start right with The National Joy Smoke. Open a tidy red tin of Prince Albert, drink in that rich, rare aroma, and you will decide on the quick route.

Your first taste of P.A. in a pipe will clinch the decision. What a smoke, honestly! Cool as a conference in the Dean's office. Sweet and satisfying back on unlimited cuts. Mild as tea, but with that tobacco body that satisfies your most

satisfies.

P. A. is sold everywhere by news dealers and dry goods and hardware stores.

PRINCE ALBERT

—the national joy smoke!
The following rules shall govern the four fraternity chapters in the pledging of men entering the Lowell Textile Council for the first time.

Art. 1. Any new fraternity, which shall be elected by the pledges, shall be admitted into the Lowell Textile Council on the date of its admission, and on no fraternity shall be approved.

Art. 2. By May 1st, 1911, all fraternities shall be eligible for admission to the Lowell Textile Council.

Art. 3. Fraternity shall not be eligible for admission to the Lowell Textile Council until a certain number of pledges have been received.

Art. 4. The freshmen who accept these invitations may purchase themselves a four-year membership in the Lowell Textile Council for the sum of one dollar.

The University of Oklahoma, the University of Illinois, the University of Wisconsin, the University of Georgia, and the University of Michigan are among the fifteen largest and most prestigious universities in the United States. These universities are known for their rigorous academic programs, competitive athletics programs, and strong alumni networks. They attract students from all over the world and are highly regarded for their contributions to society and the world of academia.

The Boiler Room is a popular bar in downtown Providence, Rhode Island. It is known for its lively atmosphere, delicious food, and extensive drink menu. The Boiler Room also hosts live music events and trivia nights, making it a favorite spot for locals and tourists alike.
True Sportsmanship

A tale of high sportsmanship on the part of the Penn State football team—a near-miss—by held clean play above victory—the told in the story of the Bucknell team defeated Penn State this year. A string, Bucknellian says, that dur- ing the days of victory but brings a touch of glory to a Penn State's real.

A remarkable feature was Jack Conch—captain Willard B. Bell, Jr., Bucknell, fell back on the sidelines with the same injury. Even without him, however, Bucknell scored and led 1 to 0 when half ended.

In the second half Penn State team held the Bucknell defense and entered the score. And then, though the injury, Capt. Bell, was sent in by Coach Spanier in running the same. With the big fullback of his post, Bucknell appeared 10 points stronger.

The Penn State players knew that with Bell to the game their chances of victory were greatly enhanced, and they knew, too, that with his ability in weakened condition, it would be easy to cripple him.

Just when Bucknell was up 12 to 0, the State players fell so as to round his tackles.

Bucknell, inspired by the prospect of its capturing a game for a single touchdown, 12 to 5, breaking a string of defeats of the team of Penn State reaching back to 1893.

And whatever or not Penn State's the game one of the of the victory, it is hard to say. "The comments are made, but if the Bucknell team can be accepted as a champion, it will be against the will of Penn State football."—Harford "Turtledove."
FOOTBALL

Textile Heavily Outweighed,
Taken by Norwich

Second "Battle of Century"
Won by Norwich 48-0

The summary:
Norwich 1st: Ellis, Taylor, Walker, Mott., Moller, Page, Wesc. 21-0

Freshman-Sophomore Game

As the football season draws to a close, interest is naturally shifted concerning the annual Freshman-Sophomore football classic. Last year the Freshmen were victorious, 14-7, and they, in well-earned superiority, expect to repeat in this season's contest.

It is reported that our unassuming college freshman have already begun to practice, and that the Sophs are also busy trying to bring together a presentable squad—come on, at least. We can therefore be justified in the hope that the Sophs will be victorious. We are sure, however, that they will point out to their recuperated seniors how many men they have on the varsity squad.
