ARTHUR A. STEWART, '20, Secretary-Treasurer, E. DEAN WALEN, '25, President.

Alumni Day

Features Movies

And Talks

A most interesting program for the annual Alumni Day at the Institute has been planned by Prof. Stewart and the other officers of the Alumni Association. A copy of the program appears elsewhere in this page.

Following the luncheon and business meeting, Capt. Jon M. Bellet, graduate student, will deliver a talk and show movies on his experiences while he was on duty with the marines in China. Ralph A. Forbush, '10, will also.

LOWELL TEXTILE INSTITUTE

Baseball Schedule--1938

MILLERMAN Win at Worcester to Avenge Setback Suffered Here Early in Season. — This Game, We Feel, Is Worth of a Detailed Write-Up.

"Rusty" Yarnall's Textile baseball team more than avenged the early-season defeat they took here at the hands of Assumption when they travelled to Worcester and hung a 2-1 drubbing on the home team. The Millers batted the ball all over the lot and scored almost at will. They collected a total of 22 hits and coasted to one of their easiest triumphs.

FACULTY ADVISER AND TREASURER

PROFESSOR JAMES S. BOW

TO THE SENIORS

On Tuesday June 5, the members of the Class of 1938 will leave
these portals with their degrees and diplomas to step forth into the
business world. Conditions at present are far from good and the
graduates will have to face a hard world. We do not intend to go
into lengthy sub-minorities, but rather to wish them the best of luck
and success in whatever pathway they take. We hope that your
days of study at Textile will carry with you throughout your life
that we may meet another one in a while. GOOD LUCK!

TO THE ALUMNI

We are very pleased to see so many of you here at Alumni Day
and hope that your day will be most enjoyable. The TEXT extends
a hearty welcome. May we state that the TEXT is endeavoring to
keep you in touch with one another and to keep Textile affairs before
you. We sincerely hope that next year we shall have more Alumni News to
print. If you should come across something of interest concerning Alumni or the Industry we would appreciate your sending it along to us. We have put the TEXT back on its feet this year and hope to have an even greater success next year. It is only through your cooperation that this can be accomplished.

Next year the mailing list is to be entirely revised and only those subscriptions in good standing will receive our bi-monthly news of Textile and its organizations. We don't want to seen too confidential, but the TEXT is published as a business and after all business is business. To those whose subscriptions remain unpaid by the opening of school next fall we must say: we have been most lenient in the past and would like to continue, but we cannot publish at a loss and we ask our readers to please return their unpaid accounts so that we may pay you interest on your subscriptions for next year.

TO THE STAFF

Ye Editor wishes to express his thanks to those of the TEXT staff who have put the paper across in the past year. To those who merely showed up for the picture in the Pickwick Ye Editor wishes to express to.

Ye Editor will continue his duties next year and promises the best TEXTS ever published. Kenneth Beltremites '09 will attend to the position of Business Manager.

Special credit must be given to Seymour Goldstein who proved to be a most valuable business manager. It is largely through his efforts that the TEXT achieved its present standing. Professor Dow deserves credit for his continued interest in the TEXT and for his patience and cooperation in helping us put the TEXT back on its feet.

TO THE ADVERTISERS

We wish to thank all the advertisers whose copy appeared in the TEXT and sincerely hope that the copy resulted not only in material gain but in the promotion of goodwill which is essential to any business. It has been pleasant dealing with you and we hope that we may number you among our advertisers in the TEXT next year.

Nine Overwhelms
Assumption, 22-5

(Continued from page 1)

of the present campaign. The boys had things much their own way and drove Al Bernard in the solver in the first half of the fifth. Bernard was the hurler who turned back the small charges by a 3-1 score in their first encounter. Ken Fox got credit for the win, allowing three safe batters in the sixth inning and two in the seventh.

Textile started the scoring in the second inning on Ritchie's double and Groche's single. Assumption came back in the latter half of the same frame on a base on balls, a sacrifice hit, a stolen base and an error. In the third inning, the boys scored twice. Prouts single and scoring on Capt. Kenny Fox's triple. Fox scored on Hackett's single.

Came the fifth inning and the Textile counted four times and drove Bernard in the showers. They scored the runs on three singles, three passes, two stolen bases, an error and a balk. They added three runs to their total in the sixth on a single, a base on balls and Tom Raines' triple.

Eight big runners came Textile's way in the eighth when 13 men went to bat before the side was put out. Assumption scored their final two runs. The Worcester aggregation registered two more passes and two bases on balls, together with Al Frechette's two-run single.

Assumption scored its final two runs in the seventh inning off Art Prouts, who took up the pitching duties in this frame. Textile had but hard in this inning, but managed to hold the Worcester attackers to two runs. And the first batter to face him, but Frechette repeated a lot of analysis for the first count. Dextraire then tripled and Biro hit a double to drive in a second.

Johnny Hackett, Herman Bucyk and Dave Groche each collected four hits in this frame, with Groche staring for the Worcester combination with four hits in five trips to the plate.

"A TRAVELER FOR EVERY FIBER"
Noted And Quoted

BASEBALL'S 60th birthday to be held in Cooperstown, N. Y., in 1899, will acclaim Abner Doubleday as the father of the game; all this is very well, except for the fact that neither the time, the place, nor the founder is correct. Baseball is an off-spring of cricket brought to this country by the English immigrants and was played in Boston since 1855 before its alleged birth in 1845. Because of poor cricket equipment, it started off as a crude form of the game, and eventually evolved through an old century and a quarter to the game we know as baseball.

***

THE SENATE voted an amendment into the Navy bill this spring. Instead of the previously decided upon battleships of forty-five thousand tons, the Senate has agreed to postpone their building until it is definitely ascertained that foreign nations are building capital ships of more than thirty-five thousand tons. If it is found that Japan and other countries are building ships of this size, the U. S. will then take her escalator and build ships of fifty-thousand ton limit.

Lose Something?

Colleges Report

Odd Collection

(Continued from page 4)

portants of the University without shelling out a reward. For according to the large and varied assortment of articles turned in, B. U. finders are not keepers and expect no reimbursement.

Using a comprehensive filing card system to keep track of the daily intake, C. L. A. has the largest lost and found department. These cards reveal that the girls lose about three and one-half times more articles than boys. Since September, so girls have had their property returned to them, while only 25 boys have claimed missing articles. Among the long list of items now waiting to be claimed are 22 pairs of gloves and 12 single gloves, 19 pencils and pens, a dollar watch, a half-knitted sweater, several mufflers, a rubber knife, a "big-apple" pin, and a Girl Scout pin.

Morgan Memorial Gets Articles.

All the missing property of the School of Religion and Social Work, School of Music, Graduate School, and the School of Education finds its way to the Superintendent's office of the School building. Their prize items are a girl's purse containing four integrity pins, a brown topcoat and a pair of silver-rimmed glasses all waiting claim. The usual run of umbrellas, overcoats, keys, muffs, pens, pencils, watches and books complete the list.

All unclaimed goods are shipped to the Morgan Memorial at the end of every school year.

A silver ring with a blue stone setting is the "joker" of the C. L. A. lost and found department. This piece of jewelry has been turned in several times this year. Fountain pens, not compacts and lipstick as would be expected, are the items most often lost at this school. There are now 20 pens in the drawer without owners. Gloves, umbrellas, books, and jewelry are the other articles most lost. A unique method has been devised to clear out all missing property when the drawer fills up. All the items are placed in a show-case in the book store, and the girls recognize their property and claim the same. — B. U. NEWS.
